1. The Add Layer Mask button is located on/in the ____.
   a. Toolbox
   b. Layers palette
   c. Mask palette
   d. History palette

2. How many color adjustments commands are available for an adjustment layer?
   a. 2
   b. 15
   c. 17
   d. 20

3. A group of linked layers in which the bottom layer serves as the mask is called a ____.
   a. Layered group
   b. Linked group
   c. Base group
   d. None of the above

4. Where in the Layers palette does the layer mask thumbnail appear?
   a. To the left of the layer name
   b. To the right of the layer name
   c. On the thumbnail itself
   d. It does not appear at all

5. When on the Layers palette you see one or more layers are indented and appear with a down arrow icon, and a layer name is underlined it indicates a ________________ .
   a. Layer and Layer mask link
   b. Linked layer
   c. Clipping mask
   d. None of the above
6. When you paint an image with a black foreground, __________.
   a. The size of the mask increases
   b. The size of the mask decreases
   c. The size of the mask remains the same
   d. The image turns blue

7. Layer mask effects can be temporarily removed by using the ________ command.
   a. Mask Mask.
   b. Disable Layer Mask
   c. Enable Layer Mask
   d. Indicates layer visibility

8. A layer mask can be created using tools on the ________.
   a. Options bar
   b. Layers palette
   c. Toolbox
   d. None of the above

9. Layer mask effects can be removed ________.
   a. Temporarily, but not permanently
   b. Permanently, but not temporarily
   c. Permanently and temporarily
   d. Neither permanently nor temporarily
10. Which item in the above figure indicates that edits can be made to a layer mask?

   a. 2
   b. 3
   c. 4
   d. None of the above

11. Controlling the softness of a selection's edges is _____.

   a. Blending
   b. Holding
   c. Smoothing
   d. Feathering

12. When you paint an image with a black foreground, _______.

   a. Each brush stroke restores pixels on the image layer
   b. Each brush stroke hides pixels on the image layer
   c. The size of the mask remains the same
   d. The size of the mask decreases

13. A feature used to cover an entire layer or specific areas within a layer is called a(n) _____.

   a. Opacity cloud
   b. Alignment tool
   c. Maskette
   d. Layer mask
14. Where does the link icon appear on the layers palette when you create a layer mask?
   a. In between the layer and the layer mask thumbnails
   b. In the column to the left of the layer thumbnail
   c. The link icon only appears when you link between layers
   d. None of the above

15. How many layer masks can be added to an image?
   a. 1
   b. 6
   c. 18
   d. Unlimited

16. Where can you find tools needed to select the area you want to mask?
   a. Options bar
   b. Layers palette
   c. Toolbox
   d. None of the above

16. Which menu is used to add a layer mask?
   a. Edit
   b. Image
   c. Layer
   d. Select
18. Which item in the above figure indicates that a layer mask is linked to a layer?

   a. 4
   b. 5
   c. 6
   d. None of the above

19. When you paint an image with a white foreground, ________.

   a. Each brush stroke restores pixels on the image layer
   b. Each brush stroke hides pixels on the image layer
   c. The size of the mask remains the same

20. An additional layer that acts as a color filter is called a(n) ____.

   a. Additional layer
   b. Temporary layer
   c. Adjustment layer
   d. Linked layer

21. How many layer masks can be added to each layer?

   a. 1
   b. 6
   c. 10
   d. 18
22. Which item in the figure above can be used to create a mask selection? Choose one answer.
   a. 1  
   b. 2  
   c. 4  
   d. 5

23. Which of the following can be controlled in an adjustment layer?
   a. Levels, Curves and Color Balance  
   b. Brightness/Contrast and Hue/Saturation  
   c. Selective Color and Gradient Map  
   d. All of the above

24. Where is the Feather text box located?
   a. Toolbox  
   b. Layers palette  
   c. Options bar  
   d. Color Picker dialog box
25. Which item in the above figure points to a layer mask thumbnail?
   a. 5  
   b. 6  
   c. 7  
   d. None of the above

26. Which item in the figure above is used to create a layer mask? Choose one answer.
   a. 5  
   b. 6  
   c. 7  
   d. None of the above
27. Which items can be linked to a layer?

   a. Layer mask
   b. Other layers
   c. Both A and B
   d. Neither A nor B

28. Which item in the above figure is used to reshape a layer mask?
Choose one answer.
   a. 1
   b. 2
   c. 4
   d. 5

29. Which item in the above figure is used to link this layer with the previous layer?

   a. 1
   b. 2
   c. 3
   d. None of the above.
30. Where does the link icon appears on the layers palette when you link layers?

   a. In between the layer and the layer mask thumbnails
   b. In the column to the right of the layer thumbnail
   c. On the Indicates if layer is linked button
   d. None of the above

31. You can duplicate a layer by clicking the list arrow in the _________.

   a. History palette
   b. Toolbox
   c. Color palette
   d. Layers palette

32. When you paint an image with a white foreground, _________.

   a. The size of the mask increases
   b. The size of the mask decreases
   c. The size of the mask remains the same
   d. The image turns blue

33. Which item in the figure above indicates that a layer is linked to a layer mask?
   Choose one answer.

   a. 1
   b. 2
   c. 3
   d. 4
34. In the Layer Style dialog box, the This Layer and Underlying Layer sliders can adjust the pixel's _______.

   a. Opacity
   b. Visibility
   c. Color mode
   d. Blending mode

35. Which items in the above figure indicates that a layer mask exists?
   Choose one answer.
   a. 2 & 4
   b. 4 & 5
   c. 4 & 6
   d. 4 & 7

36. In which dialog box can you control which pixels from the active layer are blended with pixels from lower layers?

   a. New Layer
   b. New Adjustment Layer
   c. Layer Style
   d. None of the above

37. What appears in a layer mask if it is disabled?

   a. A black X
   b. A yellow X
   c. A blue X
   d. A red X

38. When you paint an image using white as the foreground color, the size of a layer mask ____.
39. When you press the Commit transform (Return) button with a linked layer, which layers are affected?

   a. Only the active layer
   b. Only the visible layers linked to the active layer
